DiscoJuice © UNINETT

You will be presented with a download page.

Choose an installer to download

- The installers for Windows 8, Windows 7 and Windows Vista are executable.
- Download the relevant executable and install. After it is installed go to the wireless icon on the bottom right of the desktop and choose 'eduroam'.
- You will be asked to enter you credentials into a window similar to this.

When requested enter your credentials:

Username in the format: Email_address@gmit.ie

If you are a staff member enter: firstname.lastname@gmit.ie

If you are a student enter: student id@gmit.ie

Password is the **same** as the one used for all network resources.
